Justin P. Dollman

PhD Candidate in Political Science · SUNY Stony Brook

✉ justin.dollman@stonybrook.edu 🌐 jdollman.github.io | *Updated:* Jan. 4, 2025

Education

2018-2025	**Stony Brook University** Political Science Thesis: Urban-Rural Polarization and State Immigration Policy Advisor: Michael Peress Expected finish date: May 2025
2014-2015	**Universität Karl-Franzens** Majors: German & Philosophy Recipient of the J. William & Elizabeth W. Fulbright Scholarship
2009-2014	**University of Arkansas** Major: Psychology Summa Cum Laude Recipient of the Honors College Fellowship

Publications & Awards

2023	NYAAPOR/PANJAAPOR Young Public Opinion Star for "Immigration Opinion in the 50 States"
2021	"Broader Impacts and Researcher Productivity," Presentation at GTM2021 (Global TechMining Conference)
2021	Feldman, S., Mérola, V., & **Dollman**, J. (2021). The Psychology of Authoritarianism and Support for Illiberal Policies and Parties. In Routledge Handbook of Illiberalism
2016	**Dollman**, J., & Levine, W. H. (2016). Rapid communication the Mental Number Line Dominates Alternative, Explicit Coding of Number Magnitude. Quarterly Journal of Experimental Psychology, 69(3), 403-409.

Current Projects

2024	Immigration Opinion and Policy in the US (2005-2023): *Now with a new subnational measure of immigration opinion!*
2024	Strategic Social Dominance Orientation: *From Israel-Hamas Conflict to AI-Dislocation*

University Teaching

2023-2024	**Experiments in Political Science (POL270)**
2023	**Math Camp** Linear Algebra for Incoming PhD Students
2020, 2025	**Introduction to Statistics** Graduate (POL501) and Undergraduate (POL201) Sections
2019	**Introduction to R for Social Sciences** Weekly two-hour coding session offered to graduate students Co-taught with Pei-Hsun Hsieh

Employment

2021-2023	**Wyzant Tutor** Sundry quantitative topics
2020-2022	**NSF Researcher** PI: Thomas Woodson, Grant No. 1926494 Analysis of publication data and social impacts resulting from NSF grants
2016-2017	**English Instructor at Fundición Ferrosa** Lima (Perú)
2015-2016	**English Instructor at Euroidiomas** Lima (Perú)

Skills

Math for machine learning	I've instructed both graduate and undergraduate statistics courses as well as a linear algebra math camp.
Reinforcement learning	Both within and outside of gridworld
Complex data structures	All of my dissertation chapers use either time series cross sectional data and/or panel data.
Causal inference	I've both taken a PhD course in causal inference and taught a causal-inference based course on experiments.
Questionnaire design	Administering social-science surveys, incl. survey experiments
Coding	See languages below (and see website for a portfolio).

Languages

English	**Native**
Spanish	**Fluent** I lived in Spanish-speaking countries for over six years and completed graduate coursework in Spanish
Portuguese	**Intermediate** I am a fluent reader, but speaking the language is a challenge I have not yet confronted.
German	**Fluent (formerly)** I completed philosophy coursework in at Karl-Franzens in German
R	**Advanced** Data visualization (ggplot2 and Shiny), advanced regression modeling, machine learning, web scraping, text analysis
Python	**Intermediate** Scikit-learn and PyTorch APIs, OOP concepts
